

BC Parks iNaturalist Project

PARKS Bingo

Trees of B.C.

How to play: Become a citizen scientist by taking photos of plants, animals and other species every time you're in a B.C. provincial park or protected area and upload these observations to the BC Parks iNaturalist Project. Mark off the square when you make that observation. When you get five squares in a row, column or diagonally, you win! The biggest challenge of all: can you get every square?

P A R K S

Western red cedar (<i>Thuja plicata</i>)	Choke cherry (<i>Prunus virginiana</i>)	White spruce (<i>Picea glauca</i>)	Pacific yew (<i>Taxus brevifolia</i>)	Green alder (<i>Alnus viridis</i>)
